

## A tale of a chair

### López-Lago, Samuel

#### SINOPSI

A chair tells its story, which is the story of all chairs. And in its narrative, it offers young readers a journey through those designs and designers who have bequeathed us iconic pieces that are part of our culture. But it is not just a journey through the history of this everyday object: it is a reminder for boys and girls that the essence of who you are is the most important thing and that diversity is a fundamental value. Includes color poster (36x47 cm)....
