Or has she? When Romy begins posting on her social media accounts asking everyone to stop looking for her, the police are certain she is safe. But Romy's nearest and dearest are far from convinced. Her husband died in the bath under inconclusive circumstances six weeks ago.

And Romy would never disappear without telling someone where she is going. As true crime podcast host, Cristy Ward, picks up Romy's case... she has the whole world asking... Where is Romy now?...
