

Road Map

Icke, David

SINOPSIS

David Icke's 1998 book *The Biggest Secret* was dubbed the Rosetta Stone of conspiracy research for connecting the dots that allowed a much bigger picture to be seen. The Rosetta Stone, discovered in 1799, revealed the language codes that allowed Egyptian hieroglyphics to be understood.

Now *The Road Map* presents a massive extension and expansion with the benefit of a further three decades of full-time research. The depth and breadth of this book is astonishing as it reveals both the interdimensional panorama of the conspiracy for human control - and how we can break those chains to walk the road to freedom.

Ever more people are looking at the Maze of Madness called 'human life' and asking the BIG questions: What is it all about? Who are we? Where are we? Why is the world as it is?

BIG questions lead to BIG answers and David Icke has been asking them for much of his life and especially since his gigantic awakening after 1990. *The Road Map* is the latest instalment in his incredible journey to first expose the Maze and then the way out.

Only a relative handful could see the conspiracy for human enslavement when Icke began as a figure of public ridicule, but now the mist is clearing for phenomenal numbers of people who see that the world is nothing like they have been led all their lives to believe that it is.

But how does it all fit together? Why? To what end? *The Road Map* provides the answers and for this reason has to be among the most important and reality-transforming books ever written....

Editorial	David Icke Books
Materia	Ocultismo
EAN	9781837090716
Status	Disponible
Encuadernación	Rústica
Páginas	572
Tamaño	235x153x39 mm.
Idioma	Inglés
Precio (Imp. inc.)	37,70€
Fecha de lanzamiento	24/02/2026
