

Where's the Mermaid? : A Sea-lebrity Search and Find Book

Moran, Paul

SINOPSIS

Dive into a Magical, Search and Find, Under the Sea Adventure! Oceana and her popstar mermaid friends adore exploring the sea and getting a glimpse of the human world on land. Every three years, when the light of a blue moon touches the ocean, something incredible happens; their shimmering tails transform into legs, giving them one day to walk among humans! But they must return to the sea before sunrise, or risk being stranded on land forever... Join Meriel and her mermaid friends as they journey through dazzling worlds beneath the waves and above the shore.

From shipwrecks and coral castles to sunlit beaches and mystical spas, there are 17 intricately illustrated scenes to search and 7 magical mermaids (a mix of girls and boys) to find in every scene. Whether exploring the deep or wandering the shore, there's plenty of seaside magic to be found on every page. Perfect for fans of magical mermaids, ocean adventures, and hours of puzzling fun!
